

Avant-garde architecture. Recently opened, the hotel is located in a building whose modern architecture is characterised by a striking glass and steel façade, looking out over this beautiful coastal city and surrounded by the Cantabrian Sea. Its 134 rooms offer luminous and harmonious accommodation, perfectly equipped to cater for the tastes and needs of the modern guest.

Meeting rooms and facilities: On the ground floor of the hotel and with a separate entrance are the seven public rooms that can be either hired separately, or their modular structure means they can be combined. All seven can be joined together into the large Europe Lounge, with capacity for 1,200 guests. The Asturias Room is on the sixth floor.
